

HIGHLAND TERRACE RESIDENCE

UPPER MONTCLAIR, ESSEX COUNTY, NEW JERSEY

The Highland Terrace Residence, sits on the edge of Upper Mountain in Montclair Township. The home is protected on the rear elevation by the mountain and has sweeping views of New York City. The firm designed a new entrance porch and added dormers at the front to take advantage of the view, and a rear addition that created a serene Master Bedroom and Bathroom suite. The project also included an expanded attic to serve as a play room and an expanded eat-in kitchen to accommodate a growing family.

- Services: Design Development, Contract Documents, and Contract Administration.
- Privately Funded.
