

586 PARK STREET

MONTCLAIR, ESSEX COUNTY, NEW JERSEY

586 Park Street in Montclair, New Jersey is located on a private cul-de-sac with five other residences that were constructed in the 1930s in a popular style of the time, Tudor Revival. These quaint residences set the architectural vocabulary for 586 Park Street, which was designed to both complement the neighboring residences while also meeting the needs of today's homeowners.

- Services: Schematic Design, Design Development, and Contract Documents with C.E. John Way, AIA.
- Construction: Construction of a new 6,200-square foot private residence.
